

Message Title: Considering God's Schedule Pt-2

Theme: This second part considers how and why God created a seven day week and considers why He established a day that begins at six each evening rather than at midnight.

A major error in attempting to understand future events is in using our understanding of how we do things rather than studying what God created and why. How did it become accepted that Sunday is a day of rest when in reality it is Saturday that is a day of rest. More than likely it is because the events that established the New Testament Church took place on the first day of the week. Jesus was raised on the first day of the week, early believers meet on the first day of the week and the Holy Spirit came on the first day of the week. God established the first day of the week as a day of new beginnings, a fresh start, a day of change. If we are trying to understand God's timing we should study the schedule that He established and work from there rather than search for supporting evidence to reinforce our opinions.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may

stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
