Bottom Line:

All of creation is feeling the negative impact of mankind's rebellion against God, but God's glory is still visible and will become fully manifest when He returns!

1. **All of creation has been negatively impacted by our _____ against God!** Romans 8:18-22

A. **Creation groans but still reveals the _____ of God.**
Romans 1:20

The DNA molecule is an amazing example of divine engineering! Evolution requires massive changes that increase genetic information within DNA. However, scientists have only observed a sorting and loss of information. There has never been even a 'micro' increase in information. This should occur with regularity if evolution has any hope of being true.

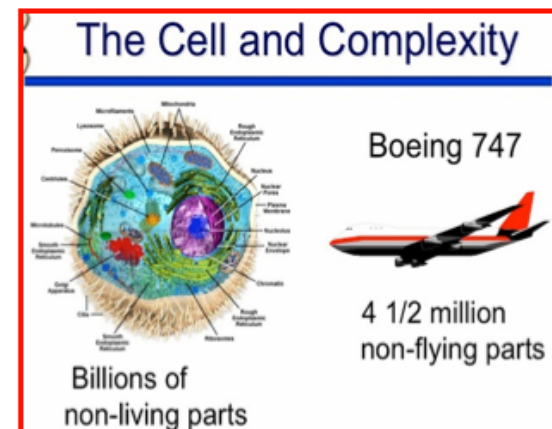

"All experiences indicate that a thinking being voluntarily exercising his own free will, cognition, and creativity, is required [for an increase in genetic information]. There is no known law of nature, no known process and no known sequence of events which can cause information to originate by itself in matter."

(Werner Gitt. In the Beginning Was Information. CLV, Bielefeld, Germany, p. 107, 141.)

Every cell contains in its nucleus "a digitally coded database larger than all 30 volumes of the Encyclopedia Britannica put together." The odds against chance creating a 30-volume encyclopedia defy logic! That's for one cell, and there are trillions in the human body, thousands of different kinds, working in unbelievably complex and delicately balanced relationships!"

(Richard Dawkins, The Blind Watchmaker, Oxford University zoologist, a leading evolutionist and atheist.)

"To the skeptic, the proposition that the genetic programs of higher organisms...were composed by a purely random process is simply an affront to reason. But to the Darwinist, the idea is accepted without a ripple of doubt - the paradigm takes precedence!"

(Michael Denton, Evolution: A Theory in Crisis. London: Burnett Books, 1985, p. 351.)

B. **Creation groans by consistently revealing the _____ nature of sin.** Romans 8:22; Romans 7:11

B. "Adoption" - our eternal status

C. "Redemption of our bodies" - eternal condition

D. "Hope...with patience" - heart of _____
