

Along with this audio exposition of Matthew's Gospel we have provided a full set of teacher's notes to help in your preparation to teach it.

There are also thought-provoking questions for learners that you can distribute in advance.

Both documents can be found in the eDocs section of our SermonAudio web page.

Simply click on NTRF's "Home" button at SermonAudio. Then, across the top of the page, you'll see the gray options bar. Select the button on the far right side that says "eDocs."
