SATAN'S MARTIAN MANIA!

TEXT: Genesis 3:4 And the serpent said unto the woman, Ye shall not surely die:
5 For God doth know that in the day ye eat thereof, then your eyes shall be opened, and
ye shall be as gods, knowing good and evil.

2 Thessalonians 2:3 Let no man deceive you by any means: for that day shall not come,
except there come a falling away first, and that man of sin be revealed, the son of
perdition;

4 Who opposeth and exalteth himself above all that is called God, or that is worshipped;
so that he as God sitteth in the temple of God, shewing himself that he is God.

9 Even him, whose coming is after the working of Satan with **all power and signs and
lying wonders**,

11 And for this cause God shall send them strong delusion, that **they should believe a lie**:

12 That they all might be damned who believed not the truth, but had pleasure in
unrighteousness.

1 Timothy 4:1 Now the Spirit speaketh expressly, that in the latter times some shall
depart from the faith, giving heed to seducing spirits, and doctrines of devils;

Revelation 13:13 And he doeth great wonders, so that he maketh fire come down from
heaven on the earth in the sight of men,

14 And deceiveth them that dwell on the earth by the means of those miracles which he
had power to do in the sight of the beast...

Isaiah 14:12 How art thou fallen from heaven, O Lucifer, son of the morning! how art
thou cut down to the ground, which didst weaken the nations!

13 For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne
above the stars of God...

14 I will ascend above the heights of the clouds; I will be like the most High.

15 Yet thou shalt be brought down to hell, to the sides of the pit.

"In 1758 the Swedish mystic...Swedenborg, reported he had talked to Martians..."

"Lucifer

represents...Life...Thought...Progress...Civilization...Liberty...Independence...Lucifer is
the Logos...the Serpent, the Savior."

(Helena Petrovna Blavatsky, *The Secret Doctrine*)

"[I]n thinking of a plurality of inhabited 'Worlds,' we imagine them to be like the globe we inhabit and peopled by beings more or less resembling ourselves...the fact remains that most of the planets, as the stars beyond our system, are inhabited, a fact which has been admitted by the men of science themselves...M. C. Flammarion [the well-known French Astronomer, writes]...'The **various forces** which were active in the beginning of **evolution** gave birth to a great **variety of beings on the several worlds'**...the reader who may be disposed to question the validity of these conclusions as being opposed to the Bible... may well recall those days when the burning zeal of the Primitive Church opposed the doctrine of the earth's rotundity...The theory of the earth's rotation was met by a like opposition...because, besides depriving our orb of its dignified central position in space, this theory produced an appalling confusion of ideas as to the Ascension - the terms 'up' and 'down' being proved to be merely relative, thus complicating not a little the question of the precise locality of heaven... Is, then, our microscopical Earth - a 'grain of sand on an infinite seashore' - the only center of intelligent life?...Our own Sun, itself 1,300,000 times larger than our planet, sinks into **insignificance** beside that giant Sun [Sirius]...The self-centered conception of Jehovah as the special guardian of a small and obscure semi-nomadic tribe is tolerable beside that which confines sentient existence to our **microscopical globe**...Astronomical ignorance on the part of the early Christians, coupled with an exaggerated appreciation of man's own importance - a crude form of selfishness...[is the primary reason for this this thinking]..."

(H. P. Blavatsky, *The Secret Doctrine*, "Is There Life on Other Worlds?", 1888)

"Our evolution has been guided by Elder Brothers who passed through the same experiences untold ages ago...At favorable times they send their messengers...such...as...Jacob Boehme, Paracelsus...H.P. Blavatsky...While Theosophy explains man's **ascent** by the slow way of evolution, it also points out **a more rapid method of progress by the law of sacrifice**...we are destined to go infinitely higher and to take our place among the perfected and triumphant Masters of the Wisdom..."

(J.S., "What is Theosophy?", *Theosophical Quarterly* 3, 1905-1906)

-In 1897, H.G. Wells published, *The War of the Worlds*.

"The world is undergoing immense changes...certain established traditions...are positively injurious and dangerous...establishing a world order...cannot fail to arouse enormous opposition...this propaganda has to go on...it will be frankly a world religion...the old faiths are damaged and discredited..."

(H.G. Wells, *Open Conspiracy*, 1928, etc.)

"Countless people...will hate the new world order...and will die protesting against it."

(H.G. Wells, *The New World Order*, 1940)

-H.P. Lovecraft (d. 1937), turned Theosophy into science fiction about aliens, for the

popular masses to digest.

"...scientists now are agreed that there is life on Mars..."

(*Popular Mechanics*, April, 1933)

"...intelligent beings could have been evolved earlier than life on earth...[placing] the Martians today where we Earthians will be a million years hence...it is possible that they have been signaling us for centuries, hoping the time would come when we would be intelligent enough to detect these signals..."

(*Popular Mechanics*, Jan., 1934)

-On Halloween night, 1938, Orson Welles broadcast a radio version of H.G. Well's *War of the Worlds*

-In 1947, pilot Kenneth Arnold spotted nine "unidentified objects."

-George Adamski, Desmond Leslie, *Flying Saucers Have Landed* (1953)

-In 1968...the movie: *2001: A Space Odyssey* in 1968, was based on the writings of Arthur C. Clarke.

-Erich von Däniken in 1968 publishes *Chariots of the Gods*

"*Pope's astronomer says he would baptise an alien if it asked him* - An alien - 'no matter how many tentacles it has' - could have a soul, says pope's astronomer...Guy Consolmagno, one of the pope's astronomers, said he would be 'delighted'...The official also dismissed intelligent design as 'bad theology' that had been 'hijacked' by American creationist fundamentalists...The pope's astronomer said the Vatican was keen on science and admitted that the church had got it 'spectacularly wrong' over its treatment of the 17th century astronomer Galileo Galilei. Galileo confirmed that the Earth went around the sun – and not the other way around... Only in 1992 did Pope John Paul admit that the church's treatment of Galileo had been a mistake..."

(www.theguardian.com; Sept. 17, 2010)

"Jesuit Brother Guy Consolmagno, the new president of the Vatican Observatory Foundation, has **no doubt** that life exists elsewhere in the universe and that **when humanity discovers it**, the news will come as no big surprise...'The general public is going to be, 'Oh, I knew that...'...[he said]...prior to a presentation at a **NASA/Library of Congress** symposium on **preparing for the discovery of life in the universe**...The longtime Vatican astronomer addresses the same question...in a new book, '*Would You*

Baptize an Extraterrestrial?......Co-written by Jesuit Father Paul Mueller, another Vatican Observatory astronomer...'any race advanced enough to cross the stars to visit us must also be advanced enough to **show us how** to overcome all those human ills. They **look to the aliens to be saviors** of mankind'...Brother Consolmagno will receive the Carl Sagan Medal..."

(Catholic New Service, Sept. 19, 2014)

"...Pope Francis has said that he would be willing to baptise aliens if they came to the Vatican, asking 'who are we to close doors' to anyone - **even Martians**...In a homily yesterday dedicated to the concepts of **acceptance and inclusion**...He said Catholicism was a church of 'open doors,' and that it was up to Christians to accept **the Holy Spirit** however 'unthinkable' and 'unimaginable' it appeared...Describing how, according to the Bible, Peter was criticised by the Christians of Jerusalem for making contact with a community of 'unclean' pagans, Francis said that at the time that too was 'unthinkable'...Clarifying that he really was talking about aliens, the Pope said: 'Martians, right? Green, with long noses and big ears, like in children's drawings'...Francis said that Christianity had struggled from its earliest stages with the temptation **to reject 'the living presence of God'** in various forms..."

(Nasa.gov; June 12, 2014)

"...NASA is bringing together experts spanning a variety of scientific fields for an unprecedented initiative dedicated to the search for life on planets outside our solar system...The discovery of the first exoplanet around a star like our sun was made in 1995. Since the launch of NASA's Kepler space telescope six years ago, more than 1,000 exoplanets have been found."

(Nasa.org; April 21, 2015)

"...most astrophysicists accept a high probability of there being life elsewhere in the universe...history tells us that it's prudent to be guided by the notion **that we are not special which is generally known as the Copernican principle...the Earth-centered universe was by far the most popular view for most of the last 2000 years...it has humbled our egos with the realization that not only is Earth not in the center of the**

solar system, but the solar system is not in the center of the Milky Way galaxy, and the Milky Way galaxy is not in the center of the universe...Aliens need not look like us to resemble us in more fundamental ways..."

(Nasa.gov; June 30, 2003; updated July 31, 2015)

"...just when film-fans and the media are getting excited about the entertaining new sci-fi movie *The Martian*...a film with which Nasa has cooperated...And now **Nasa itself has chosen this moment to get us all excited about some news** about the red planet...**there is water**. Water that could sustain life!...When I heard about the news from Nasa, I put on my DVD edition of Stanley Kubrick's *2001: A Space Odyssey*..."

"*Google exec: With robots in our brains, we'll be godlike*...'Evolution creates structures and patterns that over time are more complicated, more knowledgeable, more intelligent, more creative, more capable of expressing higher sentiments like being loving,' he [Google exec Ray Kurzweil] said...'So it's moving in the direction that God has been described as having...'...Yes, we are becoming gods. **'Evolution is a spiritual process and makes us more godlike,'** was Kurzweil's conclusion..."

"Its about uniting the people of this world in order to connect with Beings not of this world...its an important step forward for all of Mankind no matter what your belief is. A new Dawn is coming for Mankind."

(U.I.P, UfoInternationalProject.com)

"We at U.I.P have said many times to our followers, that it feels like we are being built up to something, and hopefully this is it, Official Contact off Beings not of this world...However, as stated before, there are those here on planet earth through their own control and idealistic beliefs will not appreciate Beings not of this world... that could leave maybe only one way to deal with the suffering of this beautiful Blue Planet... To eradicate the cancer of this planet...THIS is why we have to create unity around the world, but also choose not to accept those that try to divide us, that **being the fundamentalists** of this planet..."

"All who choose not to evolve will die off."

(Barbara Marx Hubbard, *Happy Birthday Planet Earth*, 1986)

"Evolution is good, but it is not nice...This act is as horrible as killing a cancer cell. It

must be done for the sake of the future of the whole. So be it: be prepared for the selection process which is now beginning. We, **the elders**, have been patiently waiting until the very last moment before **the quantum transformation**, to take action to **cut out** this corrupted and corrupting element in the body of humanity...The destructive one fourth must be eliminated from the social body."

(Barbara Marx Hubbard, *Manual for Co-Creators of the Quantum Leap*)

John 16:33 These things I have spoken unto you, that in me ye might have peace. In the world ye shall have tribulation: but be of good cheer; I have overcome the world.
