

Genesis 2:7-15

This is where God creates man. Man is God's crowning creation. Today we take the value of man very lightly. There are senseless murders everyday. Men are created in the image of God. When you go out arbitrarily and kill a human being, you are striking at the image of God.

- 7 And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul. *God takes the dust He already created and formed it into Man and gave man the kiss / breath of life. Man is the only creation that got the kiss of life. No other creation received that from God. There is a theory of evolution that's been out about 150 years from Charles Darwin. He lived in the 1800's and came up with a theory, and idea, that is not a proven fact. Darwin's general theory of evolution is that all of life is related and descended from one common ancestor. This includes birds, plants, animals and mankind. Evolution is purely naturalistic with no spiritual guidance. The bible shows this idea is preposterous. A banana tree cannot beget a bird. An ape cannot breed a human. A human cannot beget a cat. Darwin theorizes that if we can find a complex organism that cannot be reduced and if one part of the system is removed and the organism cannot function, then his theory is shot, he said himself. We don't need a microscope to observe micro complexity. Darwin says the eye, ear, heart, spirit keeps messing him up. He couldn't explain it. The eye focuses on many different distances, colors, etc. and he said it's absurd to the highest degree. He couldn't explain these parts of man. Darwin's theory is shot here, because God took a bit of dust, shaped it into man, and breathed life into him. Man is made of a trillion cells, and each cell has a trillion atoms. 90% of our atoms are replaced annually. Each cell is gets it's energy from ATP. It doesn't store energy, but makes it as we need it. If you still believe there is no God, then you are in a metaphysical coma. The human body is so complex, there is no way it evolved from a bit of bacteria or an ape.*
- 8 ¶ And the LORD God planted a garden eastward in Eden; and there he put the man whom he had formed. *God has a special garden prepared for man, and He puts Adam there.*
- 9 And out of the ground made the LORD God to grow every tree that is pleasant to the sight, and good for food; the Tree of Life also in the midst of the garden, and the Tree of Knowledge of Good and Evil. *God creates a group of trees since everything was vegetarian at that time, but He also puts 2 special trees in there: the Tree of Life and the Tree of Knowledge of Good and Evil. The latter is a test for man. There was evil at that time. Lucifer had fallen with 1/3 of all the angels and he had become Satan, and he was lurking in the garden, ready to tempt mankind right from the start.*
- 10 And a river went out of Eden to water the garden; and from thence it was parted, and became into four heads. *There are 2 rivers there now, but NASA found the other 2 riverbeds covered in silt now.*
- 11 The name of the first is Pison: that is it which compasses the whole land of Havilah, where there is gold;
- 12 And the gold of that land is good: there is bdellium and the onyx stone.
- 13 And the name of the second river is Gihon: the same is it that compasses the whole land of Ethiopia. *This is not the Ethiopia of Central Africa. It should be translated Kush, not Ethiopia.*
- 14 And the name of the third river is Hiddekel: that is it which goes toward the east of Assyria. And the fourth river is Euphrates.
- 15 And the LORD God took the man, and put him into the garden of Eden to dress it and to keep it. *Adam was put in the Garden of Eden to care for it and live a life in earthly paradise.*
