Abide in My Love John 15:4-11

Jesus is instructing His disciples how He will sustain them after He departs, but also why He is saying these things. How will they get through the upcoming difficulties? As, "the true vine," and the Father as the "vinedresser," Jesus He demonstrates how He cares for His "branches." He is caring for them by revealing important things about Himself and themselves. They must understand who they are and who God is and the purpose of it all – that their "joy may be full." He tells them about who they are, who He is and who God it. This is the most important matter.
