

## Satanic Inversion

(December 22, 2023)

I've spent numerous years studying the New Age belief system (which essentially incorporates satanism and the occult, but does so in more humanistic acceptable terms). The very same ideology that runs through satanism and the occult also runs through the many branches of New Age. It doesn't matter who you start with either. Whether it's Madame Blavatsky, Alice Bailey, Maurice Strong, Robert Muller, David Icke, or a host of other Luciferians associated with the United Nations, it all boils down to the very same core belief system.

Alice Bailey began her Lucifer Publishing Company associated with the United Nations in 1920, then changed the name to Lucis Trust in 1922 because of the growing public perception of its connection with Satan. However, the name was the only thing that changed about the organization as it continued to contrive ways to *externalize the hierarchy* she had written so much about.

As James Musker details, this *externalization of the hierarchy* is nothing more than bringing into the *physical* realm that which New Age/Satanists/Occult proponents currently believe exists in the *spiritual* realm. In fact, everything that has been promoted by Manly Hall, Madame Blavatsky, Alice Bailey, Annie Besant, Benjamin Creme, along with the "spirit guides" named Koot Hoomi (aka the Tibetan), Seth and Djwal Khul et al, believes in the exact same goal. That goal, as noted in the externalization of the hierarchy is exactly this:

'What is referred to is the externalization of the Hierarchy and its exoteric appearance on earth...(to) function openly and visibly on earth.[1]

Fascinating, isn't it? So what currently exists *behind* the curtain blocking our view into the spiritual realm, is said to emerge at some point in the future so that all will actually *see* it. Like Musker, this reminds me of what will occur in **Revelation 9:1-11**, when the Abyss is opened and a horde of what can only be demonic creatures are released to roam the earth, inflicting pain, but not killing, for six months.

All of these secret societies and leaders of them have taken up the task of doing whatever they can to usher in the Age of Aquarius, which will reveal the hierarchy. In order for that to occur, a good deal of work needs to continue. However, in re-reading through much of the documentation and information available now, it is clear that the work, which began in earnest in the mid to late 1800s (though it appears that Satan has been at work dating back way before the time of Christ, but without the help of technology available today), has picked up a great deal of speed and progresses toward the final product. At the same time, it's also clear from Scripture that Satan tried to *invert* the truth of Christianity during the life of the apostles and continues today! He never takes time off and is always working to destroy the truth.

Satan has deceived his human Luciferian servants into thinking that he is *the* god, that *he* has humanity's best interests at heart and *he* teaches human beings how to become god themselves. In a nutshell, this coming hierarchy will be the absolute *inversion of Christianity*, which we know to be *the* truth God has

revealed to us through God the Son. The coming hierarchy is nothing but lies masquerading as truth and its deception is gaining serious momentum in global society.

Most Christians await the physical return of Jesus. Theosophy and the New Age and all its variants await the coming of "the Christ" or the Christ Consciousness (Maitreya). Currently, they believe this New Age Christ is living in the spiritual realm referred to as Shambala (Shambhala). When the time is allegedly right, this Christ will physically appear to the world to restore peace globally and direct humanity to higher orders.

What I find interesting is that this Christ will *not* appear (according to the New Age), until "*...humanity itself must first produce the conditions in consciousness and in world affairs essential to the eventual physical appearance of the Christ. When a measure of peace has been restored on Earth, when sharing begins to govern economic affairs, and when churches and political groups have begun to clean house, the Christ will then be drawn into the arena of His work.*"[2]

First, they're saying Maitreya's appearance is dependent upon what humanity accomplishes. This, by the way, is no different from what some groups within Christendom believe that they must work hard to convert people to Christianity and once enough have been converted, *then* Jesus will be able to return. That's absolute hogwash as His future physical return is not at all dependent upon what humanity accomplishes, but solely on God's choosing. Second, notice the phrase, "*...when sharing begins to govern economic affairs...*" Everyone will be treated exactly the same way in the future for *fairness'* sake. Socialism/Communism is the political path toward that end (according to Luciferians). Everyone will get the same handout, they'll be happy and own nothing, according to Schwab's Great Reset (which mimics Theosophy's "Great Plan").

The people in control of moving the world to the point where this externalization of the hierarchy can become manifested in this physical world are diligently working to unite all people, merge all religions, destroy national sovereignty and borders, create a global surveillance state including digital currencies and passports so that all people are fully controlled. I know it sounds far-fetched...*if* you've not been paying attention.

This is what CV was actually about, *not* saving lives (and before that, 9/11 with the installment of the Patriot Act). If it was about saving lives, they'd actually be paying attention to the unusually large percentage of people who are *suddenly dying* since the jab rollout, not to mention all those who have experienced severe adverse reactions. What does the power elite have in store for the world *next* to create fear so that people will again be forced to rely on the government? We'll see, I suppose. Of course, you can choose to *not* comply without making a huge fuss about it. Live quietly, minding your own business. Don't agitate, but don't comply. It's up to you.

This is all leading to the New World Religion that will unveil itself to the world at some point in the future and is being built now. This New World Religion will include the visible manifestation of the externalization of the hierarchy. According to Theosophy, "*Sanat Kumara is the head of this Hierarchy and this is the god of Theosophy. He is supposed to have reached the 9th Ray level and as such lives in*

*Shambhala which is a floating city on the etheric plane somewhere above the Gobi Desert. Interesting to note that Sanat is an anagram for Satan, they love to have these anagrams and play on words."*[3]

Now, here's where it even gets more interesting. As this externalization comes to pass, it will manifest itself in a number of ways.

The work of the externalized ashrams is creating and vitalizing the new world religion. The gradual reorganization of the social order. The public inauguration of the system of initiation. The esoteric training of disciples and of humanity in the cycle. (from Alice Bailey's Externalisation of the Hierarchy)

Benjamin Creme, spiritual New Age leader (Share Int'l), who died a few years ago, tells us what it will be like when the Christ (New Age Maitreya) finally *appears* to the world.

For 30 or 40 minutes the Teacher's [Maitreya] thoughts will be heard inwardly, telepathically and everyone in the world, in their own language, will feel the warmth and love of the Maitreya...[4]

Cue the aliens. Musker believes this will likely occur after a global economic meltdown. Following this, world religions' and nations' unification will quickly expedite. Musker also comments that what Creme is referring to sounds an awful lot like a *psychotropic* weapon, which has the ability to put "...*voices inside someone's head without them being auditory.*"[5] That's possible, but I also believe Satan has the supernatural ability to do the same thing.

Satan, who first tempted Eve to become "like God" by disobeying God's one law, has been working tirelessly for centuries since then to do what he nearly completed through Nimrod at Babel; the unification of the entire earth into one people, one purpose and one religion. This is remarkably similar to the main objective of Theosophy, New Age and all of its offshoots. Nothing has really changed except the way it is now done with modern technology.

The end goal of Theosophy is therefore Man becoming like a god, living in a physical Utopian society with complete access to awesome god like powers, which will enable him to fulfill his destiny and for mankind to become god.[6]

You see? There is zero difference between what Satan attempted to create when he lied to Eve, what Satan attempted to create just roughly 1,000 years after the Flood at Babel, and what he has attempted to create many times since, but the timing has never been right by God's calendar to allow it to come to fruition. This, I believe, is why Satan has had specific people in each generation throughout history to expound theosophical tenets and beliefs to usher in the externalization of the hierarchy; whether Hitler, Pol Pot, Stalin and so many others we see as we look back through the annals of history. Satan has never known the timing of when his work would produce concrete results so he's tapped someone in every generation just in case.

At this point in time, we may well be on the cusp of this coming "Utopian" global society, brought about by the externalization of the hierarchy. Of course, the Utopian part of it will pertain only to the power elite and their families. Those *outside* those families will literally exist in a hell on earth as slaves to the power elite.

Again, this coming externalized hierarchy is the complete *inversion* of Christianity; that human beings can become gods. Everything connected to Luciferianism (New Age, Satanism, the occult, etc.), inverts the truth of Christian tenets and presents the *opposite* as truth; purely demonic and anti-God. If one takes the time to read books written by Bailey and others, it's clear the lies presented by "ascended masters" to those authors are nothing short of lies. Yet, they are preferable to most people simply because they do not want to be under God's "fascist" thumb! They do not want to bow to Him so they embrace lies of Satan.

The goal is to subvert Christianity at all costs. Why? Because Christianity is *the* truth and that truth must be replaced with falsehoods that simply *sound* truthful and pleasing. If they cannot make Christianity part of the New World Religion, they are happy to destroy it or at least attempt to do so.

Not even a deep dive into the United Nations and all of its documents proves beyond doubt that the UN is little more than a *religious organization* masquerading as a political one.

Manly Hall (Freemason adept), wrote numerous books. One was *The Secret Teachings of all Ages* (604 pages), and another was *Secret Destiny of America* (263 pages). In the latter he states:

In America shall be erected a shrine to Universal Truth, as here arises the global democratic Commonwealth - the true wealth of all mankind, which is designed in the foundation that men shall abide together in peace and shall devote their energies to the common cause of discovery...The power of man lies in his dreams, his visions and his ideals. This has been the common vision of man's necessity in the secret empire of the Brotherhood of the Quest, consecrated to fulfilling the destiny for which we in America were brought into being.[7]

One need only look to all the occult symbolism within America, the Freemasonry of the founding fathers and the fact that most were Deists, not Christians, to understand that this country was created not as some think, similar to how Israel was created and for that purpose, but actually to be the leader in promoting and creating the externalization of the hierarchy globally that we may soon see.

Thanks for reading this article and I pray that you have a great Christmas and that you'll remember the actual reason for this season. When you gather with family to exchange gifts and express love, I pray you'll remember that Jesus gave us the greatest gift of all - salvation - because of His unquenchable love for us. Do you know Him? I pray you do.
