

**The Uncertainty of Change**

Joshua 1:1-9

What now?

**Four important things to remember as we navigate a pastoral transition:**

1. God chooses who leads.
2. God's mission remains.
3. God goes before.
4. God's Word remains.

**Application**

1. In this period of change, do you look more for God to direct and guide or people? Ask God to help you see Him working.
2. What makes it hard to stay on mission for God during a time of transition? What can you do this week to influence your "three" from the Radical Experiment? Go do that.
3. What causes the most doubt that God is going before us as a church? What can you do to help others in their doubt?
4. Read God's Word. Make it a center point of your daily walk. Start a plan in a Bible App or read through the Bible this year.
