

**Hebrews 11:5,6**  
**BY FAITH ENOCH**

- I. Enoch's faith is evidenced in his walk.
  - A. Faith enables one to walk with God.
    - 1. How can this be seeing God is perfectly holy and is pleased only with perfect holiness of His human creatures?
    - 2. To walk with God is to have intimate communication with Him.
    - 3. It is to live before God in obedience, for "walk" refers to our life as it is lived in this world.
    - 4. It is to walk after God in trust.
  - B. This faith pleases God.
    - 1. What pleases God is not that we are perfect in ourselves, but that He declares that He judges us holy in Christ.
    - 2. Therefore, what pleases God is that we believe "that God is."
- II. Enoch's faith is evidenced in his witness.
  - A. Enoch's walk with God was a powerful witness declaring the way we ought to live.
  - B. Also Enoch's walk was a walk against the world in which he lived; he walked antithetically.
  - C. Enoch's witness consisted of his being a preacher of righteousness (Jude 14,15).
    - 1. Enoch anticipated the coming of the Lord because he know God was the rewarder of them that seek Him.
    - 2. Enoch promised that would be a day of divine judgment.
- III. Enoch's faith is evidenced in his triumph, for his faith was rewarded in God translating him.
  - A. To be "translated" is a wonder of God's grace taking one out of sin into wonderful relationship with God (Col. 1:13).
  - B. By faith Enoch was translated into heavenly glory.
  - C. By faith he and we are pleasing to God, for we proclaim the glory of His grace which elected us unto adoption of children.
