

You and Your God's Time

1. The *Chronos* Principle: Time is ticking, so don't procrastinate.

- God's timing is always best (Galatians 4:4-5).
- Time provides the opportunity for significant spiritual growth (Hebrews 5:12).
- Time is limited and deserves our conscientious attention (1 Peter 1:17).

2. The *Kairos* Principle: Time is precious, so don't squander it.

- God offers a lasting time of refreshment to all who turn to Him (Acts 3:19).
- Time allows us to help others in need (Galatians 6:10).

- Redeeming our time helps us walk wisely (Ephesians 5:15-16).
- Redeeming our time provides margin in our lives to interact with our neighbors (Colossians 4:5).

3. The *Sabbath* Principle: Time is a gift, so don't overdo it.

- Jesus Christ has authority over Sabbath practices (Matthew 12:8).
- Sabbath rest is a gift from God as a blessing rather than a burden (Mark 2:27).
- Jesus freed us from any legalistic constraints on the Sabbath (Colossians 2:16).
- Sabbath rhythms and rest are still beneficial to God's people (Hebrews 4:9-10).

By God's grace, I plan to make the following commitment regarding the stewardship of my His time . . .
