

# Being a Good Automaton

(February 8, 2023)

Here's what you need to know about the future:

- we are in the end times (which began with the life of Jesus)
- things will progressively worsen, but we may have brief respites until He comes
- Jesus warned of wars and rumors of wars toward the end (**Matthew 24**)
- the antichrist will begin his rise to the top to rule globally (**2 Thessalonians 2; Revelation 6**)
- the final seven years of human-led history will occur and will be horrible (**Revelation 6-18**)
- Jesus will physically return to this earth (**Matthew 24:30; Revelation 19**) at the end of the Tribulation
  - He will destroy the Antichrist and False Prophet (**Revelation 19**)
  - He will judge the nations (**Matthew 25:31-46**)
  - He will rule with a rod of iron for 1,000 years (**Revelation 20:1-10**)
  - He will toss Satan into the Lake of Fire to join Antichrist and False Prophet (**Revelation 20:10**)
  - The Great White Throne of Judgment will then occur (**Revelation 20:11-15**)
  - A new heaven and new earth will be created (**Revelation 21**)
  - True life begins for all saved people (**Revelation 22**)

What I just described above will occur. Only God knows the timing for each set of events. All the talk that is happening today in prophecy circles is purely conjecture. At least part of me believes this is to further their own ministries, speaking engagements and book sales. It's a repeat of the 1970's prophecy movement.

Going forward, at some point, every Christian alive now (or those who become Christian), will either die or translate to heaven (via Rapture). When? No idea. In fact, no one has any specific knowledge about when any of the events listed above will occur. No one.

But here are some things to know that may help direct you because knowledge is power. Knowledge of God and the Holy is supernatural power that helps us overcome the fear often induced by societal scenarios. Christians need to develop *thick* skins against fear, but *thin* skins to love God and others.

## Health Issues

We are seeing the growing results of the CV jab. There is great debate regarding the efficacy or not of the jab. Those on one side will tell you that there is absolutely NO connection between the nearly 300,000 who died in the USA in 2021 after the jab rolled out (which translates to 10 - 12 million worldwide).[1] Others aren't so sure. There *should* be open discussion, yet that's not happening.

People are crying out for help because of adverse reactions or family members and friends dying without notice. It's all being ignored. Many of the harmed or dead did what they did because they honestly believed what the government told us. They paid the ultimate price for it. How does this happen?

It happens because Satan is alive and well and hates us as he hates God. It happens because people lack discernment. It happens because selfishness often mars our thinking. It happens because we are all fallen. People need to be informed and not "feared" into doing something that may or may not be good for them. It is *good* to be as fully informed as possible. Yet the powers that be prefer we just take whatever they tell us as truth and not think; do no due diligence; avoid critical thinking at all costs. Just do what you're told like good little automatons.

### Supply Chain Issues

It is also good to know that our food supply worldwide is being tampered with and because of it, shortages will continue. Remember guys, from before? The world locked down and totally interrupted the supply chain. We have never gotten over that; never made up for that loss. Add to that the many production facilities (fertilizer, egg), burned down, the war on the farmer and other things as well, our food supply is dwindling. Those who have not taken measures to create a store of goods will be in for hurt when they go to the stores to find increasingly empty shelves. If they do find what they're looking for, they will pay an increased price for items that they used to get for far less.

Here's a very interesting article highlighting the fact that over just three months in 2022, millions of chickens were destroyed either by mysterious fires at farms or culled due to "bird flu." Millions of chickens are no longer alive and able to produce eggs. The article also brings out the fact that recent scientific studies have proven beyond doubt that egg yolk antibodies actually fight against the spike protein! Gee, who knew? [2] I'm sure it's all just a coincidence that God would invest actual food with the very things that can fight off all manner of diseases (insert eye roll).

An interesting read is this PDF version of Dr. John D. Coleman's book, *CONSPIRATORS' HIERARCHY: THE STORY OF THE COMMITTEE OF 300*. [3] I can't vouch for the authenticity of Coleman's information presented (no one can), but it amazes me that as far back as the 1960's, because of his involvement in Intelligence agencies, he seemed to know what was going to happen in the world, which appears to be unrolling right now. Read it for yourself and then decide.

That said, the most recent survey<sup>1,2</sup> — published in the peer-reviewed journal BMC Infectious Diseases — puts the death toll from the COVID jabs somewhere between 217,330 and 332,608 in 2021 alone. As noted by Steve Kirsch:<sup>3</sup>

*"[We've] killed at least 217,000 Americans and seriously injured 33 million ... in just the first year, and the CDC and FDA want to give you more shots ... Since deaths from the vaccine were higher in 2022, most experts would estimate the all-cause mortality death toll from the COVID vaccines to be in the range of 500K to 600K.*

*So the global cost of life from these vaccines is on the order of 10 to 12 million people ... These [data] are consistent with the numbers I've been saying for a long time. It's not a coincidence."*

### Take a look at this tweet sequence

**This would have caused a ban before Musk.**

According to Coleman, we are undergoing a major push by globalists to form a globalized government that would first be instituted into 10 separate regions incorporating all the nations of the world. It is likely that "regions" will replace "nations." Is this odd? Unbelievable? It might be if the Bible also didn't support that fact (**Daniel 2; 7; Revelation 17**).

The EU was the pilot program and every other nation is slated to become part of their own "union." If this ever happens with the USA (it will), it would overthrow the Constitution of the United States of America, ending America as we know it. What is fascinating about this - and I've mentioned this before - is the fact that the globalists pushing for this global overhaul will believe they've arrived once the ten appointed "kings" (highest ranking globalists), step up to rule each region of the world. They will believe they've achieved what they set out to do! However, this is very likely when the coming Antichrist will make his move, quickly rising to the top and even taking three of those "kings" out of the way (**Daniel 7:7b-8**).

...(the final beast or world empire) was different from all the beasts that were before it, and it had ten horns. 8 I considered the horns, and behold, there came up among them another horn, a little one, before which three of the first horns were plucked up by the roots. And behold, in this horn were eyes like the eyes of a man, and a mouth speaking great things.

### **AI Singularity**

This is a growing area of research and development and *singularity* [4] is the goal. What AI robots can already do is mind-boggling, yet most of us really have little understanding because we do not understand the actual science behind it. That's left to the geniuses. However, the goal doesn't appear to be to *help* humanity, but to replace humans on a large scale.

People like Elon Musk and many others are creating artificial intelligence that can think for itself, learn from its environment and grow from that knowledge. Humanity is moving *into* the world of science fiction. Once AIs have become powerful enough and increase in number and intelligence, the ability to control humanity will exist and singularity will have been reached.

The problem with AI as I and others see it, is that it needs to be built, programmed and taught by *people*, and just be powered outside itself. Ultimately, as one individual says, it could be "*lights out for all of us*" [5], and he then goes onto admit that he can clearly see "*the accidental misuse case*." The problem though is that we have to wonder if these will be accidents or intentional? Time will tell.

In my opinion (for what it's worth), the whole thing appears to be a major push toward godhood. It seems like globalists firmly believe AI is the path to the future, their golden age future and our serfdom - the new Medieval Feudalism. This is as close as they can get to deity while still being human. Ruling the world has always been what it's about for many that have come and gone and that goal is no different for the current batch of globalists who seek to gain control over the whole earth. It's their mania.

### **Persecution**

As we are learning, persecution is here and growing for conservatives and authentic Christians, however, it's not overt religious persecution (at least here in the USA). We are seeing people condemned to prison

for being at the Capitol on January 6 and allegedly "inciting" an overthrow of the United States. It's absurd to believe that people who wanted to overthrow the federal government went to the Capitol without weapons, but this is what we are to believe. So those arrested languish in prison or are given "deals" where they admit (lie), they intended to overthrow the USA in exchange for lighter sentences.

Beyond this, people came under tremendous pressure during CV. Aside from all the actual medical doctors who were threatened or censored, average people also came under fire. Mark Grenon sits in a jail in Bogota Columbia since December 2021. Why? Because he believed in alternative health procedures for CV and recommended them for people. I don't know all the details but he's been in prison for over 900 days without bond, without trial, essentially without rights. [6] No one died, unlike under Fauci's recommendations. So how is this justice for Grenon? If the man is actually guilty of something, then put him on trial and let a jury decide, then imprison him. If he's acquitted, let him out.

In all this Christians must carry on, continuing the work our Savior began (**Matthew 28**).

A few verses that mean more and more to me are **Psalms 37:1-5**. It really speaks to the problem of evil in this world and the approach Christians are to take as a response to it.

- 1 Do not fret because of evildoers,  
Nor be envious of the workers of iniquity.
- 2 For they shall soon be cut down like the grass, And wither as the green herb.
- 3 Trust in the Lord, and do good;  
Dwell in the land, and feed on His faithfulness.
- 4 Delight yourself also in the Lord,  
And He shall give you the desires of your heart.
- 5 Commit your way to the Lord, Trust also in Him, And He shall bring it to pass.

Folks, we cannot eliminate evil. We can try to avoid it but it is here until God deals with it. In the meantime, we need God's strength and power to live, love and trust Him to at least overthrow evil in our own lives so that our witness for Him will be what it should be.

We read throughout **Exodus**, **Leviticus** and **Numbers** the way God blessed those who trusted Him even when most (Israelites) did not. Those who did not bow the knee to Baal or sacrifice children to Moloch, but trusted the Lord and followed Him were blessed with needs met even when those around them were not because of their unbelief leading to sin.

This is not the time to fear. It is the time to dig in, press on and trust the Lord. This is the daily struggle, but there really is no choice. Beg Him if you must. Grab onto Him as Jacob did without letting go until He blesses you with greater faith, greater reason and discernment and a greater capacity to love Him and others. We must persevere in pursuing Him, in trusting Him, in worshiping Him and in glorifying Him. That is our calling. That should be our life.

Are you given to fear over things you cannot control? Are you making decisions based on that fear instead of seeking His face to learn His will? Are you overcome with the anxiety because of what is

happening in the world? Submit yourself to Him and He will reward your diligence. He wants you to learn to trust Him through these situations.

Today's prophecy hawkers will throw in things like, "*This won't be full-blown until after the Rapture so relax,*" etc. The trouble is they have no way to prove what they're saying. We've no idea how bad (or good), things will get, do we? Don't focus on prophecy too much as it is 33% of all Scripture. There's 67% of the Bible that doesn't deal with prophecy yet is just as important. Leave the future in God's hands and focus on the now.

We must press on to our high calling in Christ Jesus.
