**1. In faith, believers call on the Lord to \_\_\_\_\_  
His Word so they can have comfort in times of  
affliction.**

- a. God is gracious to His people to bring \_\_\_\_\_  
applications of His Word to their lives. In faith they  
should call on Him to remember those words and act  
on them.
- b. God uses His Word to bring real \_\_\_\_\_  
to His people in their times of trouble.

**2. In \_\_\_\_\_, believers stand firm in their  
remembrance of and adherence to God's law even  
when others do not.**

- a. The scorn of \_\_\_\_\_ is a hurtful  
affliction that Christians have to endure, but God will  
grant them the grace to press on in their faith.
- b. God gives comfort as believers actively remember  
God's works of judgment and deliverance in history.

- c. Remembrance of God's past judgments stirs up  
\_\_\_\_\_ indignation regarding professed  
believers being unfaithful to the Lord.

**3. Remembrance of the Lord and His statutes can give  
\_\_\_\_\_ joys even in life's challenges.**

- a. The good statutes of God furnish \_\_\_\_\_ for  
every step of life's journey.
- b. Regularly calling to mind the \_\_\_\_\_  
of the Lord gives encouragement day and night.
- c. God gives confidence in His promises, comfort in  
affliction, the courage to persevere, and sustaining  
songs as believers observe His \_\_\_\_\_.
