

Dawn of the Satanic Age

I've been wanting to start several series recently that would at least be beneficial to me and hopefully to readers as well. One has to do with the **order of events of the End Times**. The other has to do with **secret societies** or what the Bible would term "mystery religions." There may be some overlap.

I'd like to emphasize that I do not discuss these things to frighten people or to glorify the evil one. I present this information to inform so that Christians might know the times and seasons and what to expect.

Secret Societies

A reader recently sent me a link to a video that is over 5 hours long. I watched the entire video over several days and it is certainly worth it. I've seen things contained in it elsewhere but it's nice to have so much in one video.

Recorded by Altiyan Childs of Australia, who previously won the Australian version of X-Factor and a contract with Sony Music. He became a Christian not long ago as well.

He was also part of the secret society of Freemasonry and ultimately left after receiving salvation. He put together the video to spread the truth: [X-Factor Winner Reveals World's Secret Religion](#)

You might be interested to know that those of us outside the secret societies are considered "vile, vulgar and profane" to them. We are virtually nothing and as such they believe they can do anything they want with or to us. "Do what thou wilt" is the code they live by and Satan is their god.

Childs notes how these people are given to telegraphing their secrets through the way they shake hands, hide part of their hand inside their jacket or shirt, place finger over their lips (as in "shhh"), the pins they wear or their clothing and tattoos, etc. Over the past few years, we've gotten used to seeing celebrities with one hand covering an eye. According to Childs, these are all symbols of the secret society of which they are part. Childs says it all goes back to the oldest secret society, which he says is Masonry. In actuality Masonry cloaks the actual mystery religion behind it, *Satanism*.

It's also very important to note that *most* Masons have absolutely no clue as to the real *darkness* of the **inner circle** of Masonry, which in fact, teaches that darkness is the true *light*. The secret knowledge (*gnosis*) is reserved only for those who actually attain the highest level of masonry, the 33rd degree. Once an initiate has attained that level, they are then given the true facts concerning Masonry. Don't take my word for it, please. Do the research and start with people like Manly Hall and Albert Pike. These men are highly revered within Masonry and what they teach is remarkable.

Masonry is not the only secret society of course, though they are all connected by way of common beliefs. However, Masonry appears to be the largest globally of all secret societies; the umbrella over all secret societies.

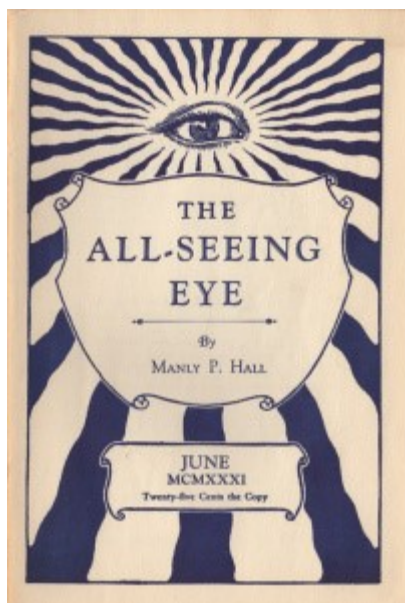

Masonry, though it officially only goes back to about the mid-to-late 1700s, in reality, indirectly connects all the way back to the Tower of Babel and Nimrod. Books written by Hall and Pike outline the many beliefs upon which Masonry is based.

Worship of Lucifer

As noted it all boils down to the worship of Lucifer (Satan). Freemasonry, Theosophical Society with [Madame Blavatsky](#), Lucis Society (initially the Lucifer Society), with [Alice Bailey](#), [Anton LaVey's](#) the Church of Satan, New Age philosopher [Annie Besant](#), and many other variant societies, all are united in their worship of Satan. All these people were Freemasons. Their core religion is literally *Satanism* but this is not generally known except to those who have been invited into the deep inner circle after proving their worth. All these societies are [all connected](#).

So, why should Christians know anything at all about these secret societies? Certainly, we should know how the enemy of our souls works, but there is also a danger of focusing on it too much and glorifying it. We need to be very careful, but we should know about our enemy.

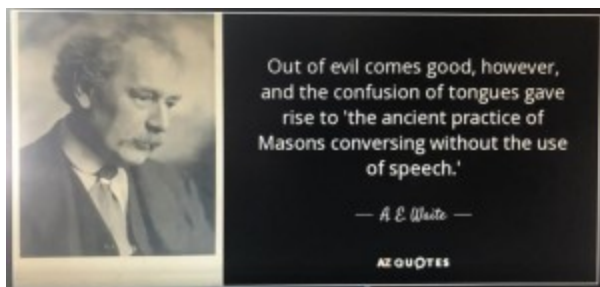

The overarching goal of all secret societies including Masonry is to destroy Christianity and God Himself. That's laughable, right? How can God or Christianity be destroyed? But hasn't this always been Satan's goal from the moment iniquity was found within him? The answer is an unequivocal *yes*. Recall Satan's five "I will" statements in [Isaiah 14:13-14](#):

1. I will ascend into heaven,
2. I will exalt my throne above the stars of God;
3. I will also sit on the mount of the congregation in the sides of the north;
4. I will ascend above the heights of the clouds,
5. I will be like the Most High.

If Satan were to be successful, he would actually destroy Christianity and God. Of course, he can't do this, but those involved in today's mystery religions believe he *will*. Why?

Because Satan has *told* them so and they believe it and have joined with him to make this happen. His followers are united in their belief that Satan (Lucifer), is the true "light-bearer;" the *good* guy. Jesus is the *bad* guy.

The reason they say Jesus was crucified was because He was a *false* messiah. They say the true messiah is yet to come and of course, we know him as the *Antichrist*. They're convinced it will be the "light-bearer" and they work diligently to bring him up. They show us by their constant use of symbolism.

Even the confusion of languages of Gen 11 did not stop their secret communication as noted by the words of Occultist, A. E. Waite. Waite was an American-born British poet who wrote extensively on the occult and was himself, a mystic.

I would go so far as to say, evidenced by their unbiblical teachings, that there are many leaders within Christendom (NAR, Kingdom Now, and Dominion Theology), also working to bring Antichrist forward. Some know it while others are deceived into thinking that they are actually working to make it "possible" for Jesus to return.

What should the Christian be aware of now as we approach the start of the coming Tribulation? Several things. *First*, Christianity is under attack like never before. It is clear that society's moral climate and norms have changed significantly. This is a major step in undermining Christianity and God. Significant progress has been made to this end. Satan has managed to gain the upper hand throughout most of society because of human beings bent on doing his will.

Second, it is now the new normal to accept gay and transgender people as legitimately normal. In other words, if people question whether a man can become a woman or the reverse, they are seen as fascists, homophobes, transphobic or something else.

It wasn't too many decades ago that people who thought they were really women or men while their physical bodies were the opposite, were seen as having mental issues. Today, these people are celebrated for their "bravery." This is all Satan's attempt to destroy Christianity. We are even seeing leaders within Christendom offering support of homosexuality and transgenderism.

Third, things are moving forward at a frenetic pace also helped by CV-19. Freedoms are being removed at an unprecedented rate for our "safety." Another created global "pandemic" of any sort will seal the deal.

Fourth, Christians need to realize it's far more important to spread the Gospel to the unsaved than to focus solely on trying to "save" America. We cannot allow our political interests to keep us from fulfilling the Great Commission.

tells us we have likely crossed the Rubicon.

Symbolism Gives Them Away

The symbolism within secret societies was always kept behind the scenes, but no longer. Music videos, movies, TV, sports events and music concerts are often filled with secret society symbolism. The fact that we are at the point where those in secret societies feel empowered enough to flash their hand signals and other symbols of their beliefs in our faces

The [All-Seeing Eye](#) atop a pyramid is *huge* within Masonry and other secret societies. It's on the back of the US dollar bill. It shows up in music videos and concerts as well as in physical buildings and architecture.

A checkerboard (black and white) floor is often used in music videos and movies. This signals that good (white) and bad (black) co-exist and that you cannot have one without the other. Ultimately, this means that bad is good and good is bad.

The use of the hand signal that appears as "a-okay" is used as the symbol for "666." I'm sure you've seen this a great deal and in fact, when "conservatives" have used it, the media often labels it "white supremacy." Conservatives are seen as the "enemy" of society today so of course, when they use this symbol it's bad. When the Left uses it, it's ignored. Do a search of "*666 hand signal*" and see the images that come up.

The special handshake and "hidden hand" are also often used today by politicians, pro-athletes and Hollywood celebs. This signals to everyone in secret societies that they are doing their job and are acknowledging that they remain true to their society. The infamous Dr. Fauci has "saluted" his secret society several times from the platform when he gives a press conference by using the "hidden hand" symbol. He's also used the Baphomet hand symbol as a nod to

Satan. He's not the only one either.

Don't make the mistake of thinking any of this is merely coincidental because their words and actions are carefully crafted to signal their allegiance to their society and "the plan."

These people have no fear anymore. None. They know they are on the cusp of global change as the Satanic Age is foisted on society.

This has been a very brief introduction to what I believe is coming down the pike. We are in the thick of it, literally. The USA will not be "saved." We Christians need to get serious about our faith because difficult times are coming as Jesus, Paul, Peter and others have foretold. We are where they spoke of a few thousand years ago.

It is happening now. We Christians need to awaken from our slumber and come out of Babylon so that we will be free to follow the Lord wherever He leads us. This may involve giving up things that are directly or indirectly connected to the occult (movies, books, comic books, and other paraphernalia we think is "neutral"), and some of our activities. We must be decisive and even painful in looking at our lives to determine what things God wants us to throw off. By having one foot in Satan's kingdom and one in God's, how can we expect to be fully protected and used by Him for His glory? We will talk more about how demons and Satan gain a foothold in our lives in an upcoming article.

It is now past time for Christians to be about the Lord's (and *only* the Lord's), business. No longer can we have one foot in Babylon and the other in God's Kingdom. It must be one or the other. Choose this day whom you will serve!
