

Message Title: A Glimpse into God's Glory

Theme: This message discusses ten photos taken by the Hubble telescope and comments that were made by astronomers about what they observed. It also includes what God tells us about the Heavens that He created.

King David wrote In Psalm 19:1-3, "The heavens declare the glory of God; and the firmament sheweth his handywork. Day unto day uttereth speech, and night unto night sheweth knowledge. There is no speech nor language, where their voice is not heard". According to this the Heavens tell us much about the being who created them. Its size is the answer to how big is God. The humbling feelings of awe and wonder we experience when we pause to consider the Heavens are how we will feel in God's presence. The beauty and variety are about God's personality. The reason He made them so we could observe them was for our curiosity to be stirred as individuals to seek after God. "He that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him. (Hebrews 11:6)

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to

Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, “***And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me***”. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, “you'll get over it.” Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times “the most frustrating thing in life is, knowing what GOD could do and watch him not do it”. In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says,” it was much like when I first became a child of God all over again”. He describes it like application of (2 Corinthians 3:18), “But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord”. Truly a life changing experience as God increases and we automatically decrease., ,
