Closing Thought: In this account, Jesus worked the works of God the Father to prove that He is the Light of the World, and in Him was eternal life by giving sight to a man blind from birth.

This healing of this man perfectly illustrates the process of salvation; blinded by sin, a beggar with no hope, unable to see the Light, sought out by Jesus, called by Jesus, and then obedient to His command. After being given eyes that could see, he witnessed of what Jesus had done for him, as a matter of fact. Beloved, are you overjoyed by the gift of seeing Truth, of having been given the pearl of great price, and are you witnessing to God's grace and mercy in your life, as a matter of fact?
