

## Hebrews 3:6

### The House of Jesus Christ

The reality of the presence of Christ among us is described in various ways throughout scripture, we are the body of Christ, the bride of Christ, we are His workmanship... but one of the most repeated pictures is this picture of us as the house of God. Our place and our purpose are both wrapped up in this. We are the place where God dwells, and we are the vessel of His abundant and radiant glory when He takes up His abode among us. This picture has several aspects to it...

The individual

The church

The household
