

## **The Sanctifying Husband** **Ezekiel 16**

*We saw last week that God's bride is more concerned about comfort than kingdom. This week we look at what God does to address the warped relationship He has with His people.*

### I. God rescues the Dying

- A. We aren't merely sick, wounded, or weak, but dying.
- B. We don't simply need a little help.
- C. God gives us new life and all that we need.

### II. God rebukes the Wicked

- A. His Bride rejects Him: "You aren't enough!"
- B. She sins horribly against Him.
- C. He demonstrates truth and grace.
  - 1. He confronts her sin and the broken state of their relationship.
  - 2. He continues to call her to be an obedient wife.

### III. God renews His Covenant

- A. Gives her the supernatural power to return to Him
  
- B. Gives the babe/savior/groom
  
- C. Pays the debt of her sin

So, we repent of rejecting Him and return to Him in Christ.
