Acts 15:36-16:5

Pastor Phil Winfield

July 31, 2016

Facing disappointing Conflicts:

Partnerships sometimes suffer **internal conflict**. (15:36-41).

1. Partners must agree on the **objectives**. [v.36]
2. Partners do not always agree on **logistics** [v.37-38].
3. Partners do not always come **to agreement** [39-41].

Conflict must not **delay** the mission [16:1-5].

1. God supplies our needs when we are faithful to the **mission** [16:1-3]. The greatest blessings are the **people** of our life not the **possessions** of our life.
2. God supplies our needs when we are faithful to deliver the **message**. [v.4]
3. God blesses the mission when we **obey** the Great Commission [v.5]. Please notice that all true disciple-making is **doctrinally sound** before it can be evangelistically fruitful.

In summary.

- Conflicts are **inevitable** in life because people are involved and people are still sinners.
- There are no **useless** Christians.
- God is not just supplying **what** you need; he is supplying **who** you need in life.
- When conflicts happen, they will; **don't quit**.
- Don't fail to identify the real treasures in life – they are the **people** of your life.
