

A Church with a Vision to Send

Acts 13

August 11, 2019

A church that sends is filled with people on mission!

We are a church that sends both across the sea and across the street.

People on mission have four qualities:

- Intentional
- Relational
- Missional
- Prayerful

If we are going to be a church that sends, reaching 1% of the Tri-Cities and the unreached around the world, we each need to be on mission with our lives.

- What changes do you need to make to your life and schedule so you can be more intentional with your life?
- What relationships do you need to begin to engage with so you can be more missional?
- Who is it that God wants you to be reaching with the Gospel?
- How can you become more prayerful both individually and corporately?
