

**Message Title:** A God of Phenomenal Variety

**Theme:** This message is about the Two Witnesses spoken of in Revelation eleven but it goes beyond that into how God has accomplished to create so much that appears similar but really isn't.

Mother Nature is personified as a creative and controlling force that can be nurturing or destructive, but in reality she is a product of man's vain imagination that seeks to eliminate the knowledge of God from the fore front of our minds. Paul wrote in Romans chapter one; "For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead". We live in God's creation but like children of great wealth we seldom if ever consider things that don't directly affect us. Oh we may be impressed by the beauty of a special sunset or the grandeur of lofty mountains but those things are just what impress us. Actually they are so much more; they are a reflection of God's personality. What He likes, what He considers beauty and even more they are His genius on display for us to understand Him by.

**Salient Points:** All things richly to enjoy, Personal testimony vs a sales pitch, One mind and one accord to glorify God, The two Witnesses, Enoch, When God's not fair to us, How did God take Elijah, Fiery chariot and horses, Source for all original story plots, Elijah dies in the future, Gifts of evil, Moses taken by Michael, In God's presence in the flesh, A God of variety, Many have died twice, Greater works than these, Elisha's last miracle, The valley of dry bones, Recreated like Adam, The words of Spirit and Life, An obedient creation vs us.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons.

This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought me to Psalm 50:15 three times following the miraculous healing of my dying wife. It reads, *"And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me"*. Following this I prayed fervently. "LORD, show me how to glorify you and I will do the best I can".

The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again".
